

# Canine Coverage™ by Affective Canines

## Protection for Your Dog's Behavior, just \$49/mo.

### Why?

Canine Coverage™ is the world's first affordable membership that makes sure no family ever has to give up their dog over behavior issues again.

**For just \$49 a month, you're 100% covered if behavior problems ever surface**, saving you thousands in training costs while keeping your best friend where they belong: at home.

### How?

1. Join Membership
2. Enjoy Peace-of-Mind
3. File an Easy Claim
4. We Step In. Your Dog Transforms.

### When?

Your coverage begins after a short 90-day waiting period and stays active for life as long as you're a member.

No more overpriced dog training packages. No more pet insurance red tape. For just \$49/month, you get lifelong peace-of-mind, expert help when it matters most, and coverage that grows with your dog.

**Because your relief shouldn't cost thousands, and no one should ever have to give up their dog over money again.**

Canine Coverage™ is a behavior support membership. It is not pet medical insurance. Services not covered under our Affective Canines membership are available as separate training packages. Active members receive exclusive discounts on these add-on services and programs.

# Why Canine Coverage™ Exists

**Every year, millions of dogs are suffering, abandoned, or put down.**

Not because of illness, but because of behavior problems. Traditional dog training is too expensive, outdated, and offers no safety net when behavior declines. Families are often left heartbroken and dogs lose their chance at the life they deserve.

**We built Canine Coverage™ to change that.**

## Numbers That Shouldn't Exist

**3.1 Million**

Dogs enter shelters every year. We're ending that.

**390,000**

Dogs are euthanized yearly, a large portion due to behavior issues.

**\$3,000 - \$8,000**

Average cost of behavior rehab today.  
We're making it affordable.

**Don't Let Your Dog Become a Number.

# Canine Coverage™ FAQ

## How does Canine Coverage™ work?

Canine Coverage™ works like insurance, but for your dog's behavior instead of their health. When you join for just \$49 a month, you're protected if behavior problems like aggression, anxiety, or reactivity ever appear.

If something does come up, you simply submit a short form and quick video explaining what's going on. From there, our certified trainers step in and personally work with you and your dog through our proven behavior rehab program, completely covered under your plan.

## Why a monthly membership instead of a one-time fee?

Because your dog's behavior doesn't work that way. You can't just "fix" a living, breathing animal and walk away. Our coverage ensures you're never alone when life changes: new environments, new babies, new dogs, etc.

## Can I join even if my dog has no behavior problems right now?

Absolutely, and that's actually the best time to join. Getting covered early protects you from costly behavior problems down the road and gives you daily peace of mind knowing your dog's future is secure. Getting started as early as possible saves you stress, time, and money before issues ever begin.

## What if my dog's issue is really serious or "aggressive"?

That's exactly why we built Canine Coverage™. We specialize in aggression, reactivity, and severe behavior cases, the same kinds of dogs most trainers turn away. If your dog is struggling, you're in the right place
